

Rosanna Coppo, MD

(graduated at the Turin University, Italy) spent research periods at Wayne State University, Detroit, USA; Scripps Clinic & Research Foundation, La Jolla USA; Case Western University, Cleveland USA; Hopital Cantonal Geneva, Switzerland; Hopital H.Herriot, Lyon France; Hopital Necker, Paris, France.

From 1989-to 2015 she was of Director of the Nephrology, Dialysis and Transplantation Unit, Regina Margherita Children's University Hospital, Turin Italy, and Professor of Pediatric Nephrology at the University of Turin.

Now she is ISN Councillor and Coordinator of the International IgA Vasculitis study (Co-chaired with Mark Haas, US)

330 publications reported by on-line bibliography PubMed

She was awarded the 2016 ERA-EDTA Award for Outstanding Contributions to Nephrology.

Past CV

1980-2015 Professor, Post-Graduated School of Nephrology, University of Turin, Italy

1989- 2015 Professor, Post-Graduated School of Paediatrics, University of Turin

International scientific activities

- Coordination of the Biomed 2 programme PL 962484 European Concerted Action: IgACE: a placebo-controlled, randomized trial of angiotensin-converting enzyme inhibitors in children and young people with IgA nephropathy and moderate proteinuria. JASN 2007;18:1880-8. The results of this trial are mentioned by KDIGO guidelines.
- Steering Committee of the International Network in IgA nephropathy which produced the Oxford Clinico-Pathological classification of IgA nephropathy (KI 2009 and KI 2010)
- Coordinator of the VALIGA study granted by the first Research Call of the ERA-EDTA in 2009 which gathered the largest cohort of IgAN in the world, 1147 patients from 55 Centres from 13 European Countries (Validation of the Oxford Classification of IgAN KI 2014, JASN 2015, Nephron 2016).

Council Member of Nephrology Associations

- Concillor of the International Society of Nephrology (ISN) and Deputy Chair of the ISN Western Europe
- Coordinator of the Immunonephrology Working Group (IWG) of the ERA-EDTA (2009-2015)
- Secretary General European Society for Paediatric Nephrology (ESPN) (2012- 2015)
- President of the Italian Society of Nephrology (2010-2012)
- Chairperson of the ERA-EDTA Administrative Office (2005- 2012)
- Chairperson of the ERA-EDTA CME programme (2003-2009)
- President of the Italian Society of Paediatric Nephrology (1995-1997)

Scientific Publications Author of 56 Chapters in books, including Rheumatology and the kidney, Oxford 2001, Paediatric Nephrology, Lippincott 2004; European Paediatric Nephrology handbook 2002; Oxford Textbook of Clinical Nephrology, Oxford University Press 2005, Paediatric Nephrology 2015

She was the coordinator of the European Validation study on the Oxford classification of IgA nephropathy (VALIGA), involving 52 Centers from 13 European Countries, enrolling 1147 patients with IgAN.
